“Fall Frolic” was featured in the Fall 2008 Issue of **Just Patterns Magazine**. The full pattern is available there.

*History: Fall Frolic is the third of four baskets designed in the “Seasons” series. Other baskets include “Winter’s Frost”, “Springtime Serenade”, and “Summertime”. All four baskets are built on the same sized oval base using various woods (cut by Venie’s husband, Steve) and incorporate marbled strips in some manner.(One of Venie’s Trademarks!) The Seagrass handle on **Fall Frolic** was inspired by an antique Penobscot Indian sewing basket. Enjoy viewing all four of the “seasons” baskets.*
